

The Tree

ACCESSORIES

The Tree – The Tree is a space divider designed by Professor Eero Aarnio. Intended for restaurants and other public spaces, the Tree is also a sculpture, and will surely find its way into private homes. The tree also bears fruit, as the proceeds of each tree will be used to plant four fruit trees in the Peruvian Andes as part of the World Vision Finland's regional development project to fight and prevent erosion.

Eero Aarnio – The Finnish designer Eero Aarnio is one of the great innovators of modern furniture design. He is well known for his experimentation with plastics, vivid colours and organic forms including the Ball (1963) and the Bubble (1968).
